Hydrobiologia

Contents of Volume 179, 1989

Vol. 179, No. 1

M. Rybak, I. Rybak & D. A. Scruton: The impact of atmospheric deposition on the aquatic ecosystem with special emphasis on lake productivity, Newfoundland, Canada 1
J. G. Steele: High-resolution profiles of temperature and dissolved oxygen in a river 17
D. Rosillon: The influence of abiotic factors and density-dependent mechanisms on between-year variations in a stream invertebrate community 25
P. M. Outridge, A. H. Arthington & G. J. Miller: Limnolgy of naturally acidic, oligotrophic dune lakes in subtropical Australia, including chlorophyll–phosphorus relationships 39
D. F. Kapraun & S. G. Sherman: Strain selection and cell isolation of *Ulvaria oxysperma* (Kuetz.) Bliding (Chlorophyta) for net cultivation 53
T. H. Chrzanowski & J. G. Hubbard: Bacterial ulitization of algal extracellular products in a southwestern reservoir 61
J. D. Allan & B. Malmqvist: Diel activity of *Gammarus pulex* (Crustacea) in a South Swedish stream: comparison of drift catches vs baited traps 73
C. Tudorancea & A. Zullini: Associations and distribution of benthic nematodes in the Ethiopian Rift Valley lakes 81

Vol. 179, No. 2

W. F. McDiffett, A. W. Beidler, T. F. Dominick & K. D. McCrea: Nutrient concentration-stream discharge relationships during storm events in a first-order stream 97
L. D. Corkum: Habitat characterization of the morphologically similar mayfly larvae, *Caenis* and *Tricorythodes* (Ephemeroptera) 103
V. Pettigrove: Larval mouthpart deformities in *Procladius paludicola* Skuse (Diptera: Chironomidae) from the Murray and Darling Rivers, Australia 111
H. J. Carrick & R. L. Lowe: Benthic algal response to N and P enrichment along a pH gradient 119
D. Flößner: *Bryocamptus pilosus* n. sp. (Copepoda: Harpacticoida) from North America 129
J. B. Wallace, G. J. Lugthart, T. F. Cuffney & G. A. Schurr: The impact of repeated insecticidal treatments on drift and benthos of a headwater stream 135
M. Ketola & I. Vuorinen: Modification of life-history parameters of *Daphnia pulex* Leydig and *D. magna* Straus by the presence of *Chaoborus* sp. 149
J. A. H. Benzie: The immature stages of *Plea frontalis* (Fieber, 1844) (Hemiptera, Pleidae), with a redescription of the adult 157
M. W. Aprahamian: The diet of juvenile and adult twaite shad *Alosa fallax fallax* (lacépède) from the rivers Severn and Wye (Britain) 173

Vol. 179, No. 3

D. Dudgeon: The influence of riparian vegetation on the functional organization of four Hong Kong stream communities 183
H. J. Dumont & S. Maas: Faunal composition and biogeography of the calanoid copepods of West-Darfur, Sudan, with the description of *Tropodiaptomus asimi* n. sp. 195
M. De Ridder: Rotifers from Western Sudan 205
T. Abatzopoulos, G. Karamanlidis, P. Léger & P. Sorgeloos: Further characterization of two *Artemia* populations from Northern Greece: biometry, hatching characteristics, caloric content and fatty acid profiles 211
L. Bervoets, B. Bruylants, P. Marquet, A. Vandelannoote & R. Verheyen: A proposal for modification of the Belgian biotic index method 223
T. Matsumura-Tundisi, A. C. Riezler & J. G. Tundisi: Biomass (dry weight and carbon content) of plankton crustacea from Broa reservoir (Sao Carlos, S.P.-Brazil) and its fluctuation across one year 229
V. May: Long-term observations on *Anabaena circinalis* Rabenhorst (Cyanophyta) 237
M. Grzybkowska: Production estimates of the dominant taxa of Chironomidae (Diptera) in the modified, River Widawka and the natural, River Grabia, Central Poland 245
A. E. Nevissi, G. J. Shott & E. A. Crecelius: Comparison of two gravity coring devices for sedimentation rate measurement by ^{210}Pb dating techniques 261

Author index, Vol. 179, 1989

Abatzopoulos, T., 211
Allan, J. D., 73
Aprahamian, M. W., 173
Arthington, A. H. 39
Beidler, A. W., 97
Benzie, J. A. H., 157
Bervoets, L., 223
Bruylants, B., 223
Carrick, H. J., 119
Chrzanowski, T. H., 61
Corkum, L. D., 103
Crecelius, E. A., 261
Cuffney, T. F., 135
De Ridder, M., 205
Dominick, T. F., 97
Dudgeon, D., 183
Dumont, H. J., 195
Flößner, D., 129
Grzybkowska, M., 245
Hubbard, J. G., 61
Kapraun, D.F., 53
Karamanlidis, G., 211
Ketola, M., 149
Léger, P., 211
Lowe, R. L., 119
Lugthart, G. J., 135
Maas, S., 195
Malmqvist, B., 73
Marquet, P., 223
Matsumura-Tundisi, T., 229
May, V., 237
McCrea, K. D., 97
McDiffett, W. F., 97
Miller, G. J., 39
Nevissi, A. E., 261
Outridge, P. M., 39
Pettigrove, V., 111
Riezler, A. C., 229
Rossillon, D., 25
Rybak, I., 1
Rybak, M., 1
Schurr, G. A., 135
Scruton, D.A. 1
Sherman, S. G., 53
Shott, G. J., 261
Sorgeloos, P., 211
Steele, J. G. 17
Tudorancea, C., 81
Tundisi, J. G., 229
Vandelannoote, A., 223
Verheyen, R., 223
Vuorinen, I., 149
Wallace, J. B., 135
Zullini, A., 81
